RUTLAND

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Rutland as limited space permits. The local resident, the visitor, and the distant reader about Rutland wish to gain an impression of Rutland as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Rutland's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Rutland City Directory disseminates this information far and wide where this Directory represents Rutland in the Free Directory Library Exchange System of North America. The Rutland City Directory, with over 420 closely printed pages, is the City of Rutland in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Rutland and all interested.

For further information regarding Rutland, address Rutland Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

Quality Printing

There is no substitute for quality in your printing. In many cases it is the only representative that meets your customer. If it is good printing it makes a favorable impression, if a poor impression it may fail to win you a new customer. A few cents saved on your printing bill may cost you hundreds of dollars.

Prompt Service

We always give special attention to the customer who is legitimately in a hurry for his printing. On one occasion a two hundred page book was produced in our plant in 48 hours. We have the facilities for prompt, efficient quality work.

Your City Directory

Do not say a name is not in the Directory because you do not readily find it. You may not know the correct spelling under which it is listed.

Do not say a Church, Club, Association or Institution is not listed in the Directory because you cannot find it. Study the Index to Contents page—the second white page in the Directory and Learn whereto look.

Do not condemn the authenticity and completeness of YOUR City Directory without giving it a fair trial. Study it and learn its many valuable features with which you are not familiar. It is the greatest example of compiling and indexing of live information about your home locality anywhere to be found.

Publishers Notice

The following pages are devoted to the interests of industrial, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed there for the purpose of enlightening those who would BUY IN RUTLAND.

It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. Rutland thus writes a milestone in its history that must have far reaching effects in its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some big men in Rutland have had such a belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. The Churches

WITH A TOTAL OF FIFTEEN, representing all the leading denominations, Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlandians of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

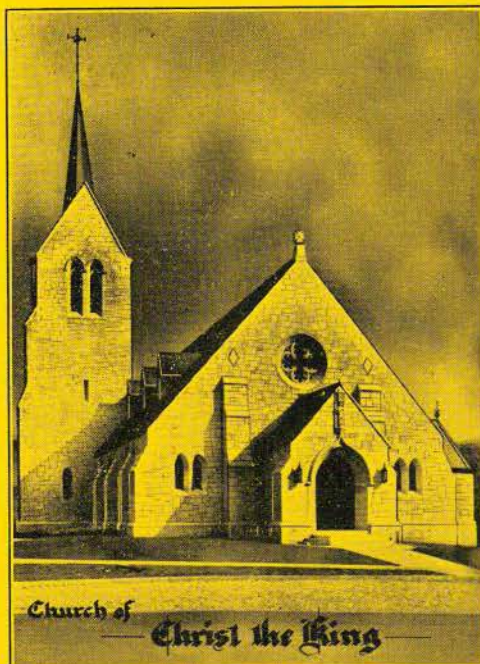

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as . . .

INDUSTRIAL RUTLAND

As an Industrial Center, Rutland is in the pioneer class. Long before modern transportation came Rutland had its industrial structure founded. For many years the destinies of the industries here were guided by local men, and the present plants are the result of the energies of Rutland men.

Among the largest and oldest industries are marble and granite quarries, weighing scales, iron works, maple sugar makers' supplies, machinery, plaster, clay products, tin cans, sweeping compounds, railroad car repairs, fire clay, glass, concrete pipe and products, burial vaults, archery supplies, cemetery memorials, etc.

Rutland—the first city in Vermont industrially, manufactures products valued at nearly \$10,000,000 annually. There are 37 principal industries employing 1,900 and paying wages of over \$2,000,000 annually.

In the Greater Rutland industrial district there are 113 plants with 5,117 employees, and a payroll over \$7,000,000, with annual products valued at \$18,000,000. The quarrying of marble, slate lime, talc, soapstone, and fire-clay is extensive. Agriculture and fruit raising are important.

Average work day in factories is 8 hours. Available industrial sites are plentiful, and located on trunk line railroads.
